REMARKS

The above amendment adds a description of Figure 9E to the section of the specification entitled "BRIEF DESCRIPTION OF THE FIGURES." The language is extracted from page 13, lines 30-31 of the specification. This portion of the specification provides the following:

Figure 9E is a sideview of a portion of the stacking structure 70 shown in Figure 9C taken looking in the direction of the arrow labeled A.

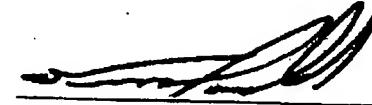

The bolded portion of this quotation is added between the description of Figure 9D and 10A. As a result, the amendment copies a portion of the language that is already in the specification into another portion of the specification. Accordingly, this amendment adds no new matter to the specification.
